GRID

sade ve şık...

Erdem Keskin

Orta ve üst düzey yönetici ofisleri için tasarlanan Grid; döneminin mimari sadeliğini yansıtan bir koleksiyon. İnce ve yalın hatlarının aksine, bulunduğu mekana gücü ve prestiji taşıyor. Geniş çalışma yüzeyi, her iki tarafındaki elektrifikasyon çözümleri ve depolama alanlarının sunduğu fonksiyonellik ile kullanıcının tüm beklentilerini karşılıyor.

Renk alternatifleri ile farklı ofis ortamlarına çözüm sunan Grid, yalın ve modern çizgisiyle günümüz trendlerine uyum sağlıyor.

Grid; etajer, dolap ve keson üniteleriyle yönetici odalarına geniş kullanım alanı sağlarken depolama için de şık bir çözüm sunmaktadır.
