# NORM

Fatih Aslantaş

“Norm coffee table, with its plain and refined geometric forms, is specially designed to be complementary to the executive furniture. Fully focused on functionality and simplicity. In addition to its simple design, it has an elegant and modern look with its natural wood veneer table and block lacquered legs. With these features, it will be in harmony with many furniture and spaces.”

Norm coffee table representing solidity with its block lacquered leg structure, reflects the power and prestige desired in executive rooms. It integrates into harmony with the furniture in its environment with the help of its refine and modern design, and also allows your guests to be hosted in a comfortable atmosphere.
