# LEVELS

Arif Akıllılar

“Perfectly blending wood with leather, Levels allows managers to easily focus on the meeting.”

Levels provides a comfortable and convenient work environment for the strong leaders and managers focusing around a topic, opinion or presentation. The relationship between the components visually and functionally provides diversity in the product to meet different dimensions and needs. The combination of wood and metal sheet legs allows the combination of the naturalness of wood and leather material in different color alternatives. Measure differences in foot and in the pieces used in table top create a natural balance among themselves. The level differences between surfaces refer to the “Levels concept” which is set as the starting point in the design of the product.

Levels meeting table; offers versatile solutions with its modular structure and dimension alternatives that can be positioned according to the needs as "straight" or "U" shaped. While the wood and leather material used in the table top add aesthetics and prestige to the meeting areas, the combination of wood and metal sheet legs creates a natural balance and reflects the power of the business. With electrification solutions, Levels creating comfortable areas, hosts important decisions and presentations for businesses.
