LORIA

“Loria is a balanced collection. From the very first steps of development, the aim was to combine simplicity and comfort with an identifiable silhouette available in different versions. Particular attention has been given to the design of its curved, enveloping polypropylene shell, which elegantly incorporates a distinctive ridge running across its side to provide extra comfort for the armrest. The design of the Loria armchair is a subtle blend of curves and lines, creating a harmony that evokes both ease and rigour.”

Jun Yasumoto

LORIA

With its soft curved lines and seamless form made from a single piece, the Loria multi-purpose chair family stands out with its impressive color options in warm tones. The carefully designed curves on the armrest provide an ergonomic seating experience, while the upholstered cushion option combines elegance and comfort. Adding a touch of sophistication to modern living and working spaces, Loria becomes an ideal choice for various settings such as offices, meeting rooms, home workspaces, cafes, restaurants, and social areas.
