RUNNER

Utkan Kızıltuğ - Arif Akıllılar

“Runner, bütün muhtemel toplantı kurguları düşünülerek tasarlanmış bir ürün ailesidir. Tasarım sürecimizin başında “hem bir arada hem ayrı” konseptini benimsememizin sebebi de buydu. Sayısız birleşim seçeneğiyle tüm bu gereksinimleri kusursuz bir şekilde karşılayan Runner, katlanabilir yapısıyla stoklama işini de kolaylaştırır.”
